To

I Venkatanaranappa Esq , B A ,

SECRETARY TO GOVERNMENT OF MYSORE
Development *Department*
Bangalore

SIR

I have the honour to forward, herewith, in duplicate, Kannada and English copies of the water supply bye-laws approved by the Kolar (Town) Municipal Council and to state that the Council after observing the formalities prescribed under the Regulation, have resolved in their meeting held on 29-6-1936 that a recommendation may be made to obtain the sanction of Government

I request you to be so good as to move Government to accord their sanction to the bye-laws which have been framed by the Bureau of Sanitary Engineering and approved by the Council

Copies of the resolutions on the subject are herewith enclosed for favour of reference

I have the honour to be,

S i r,

Your most obedient servant,

Deputy Commissioner,
Kolar District

) No rules have yet been framed by Govt under Sec 106 (2) cl (i) of the Mysore Municipalities Regulation, 1933 in respect of water supply

) In the case of the bye-laws received, the notice calling for objections or suggestions from public, and the final resolution of the Council approving of the bye-laws have

7) Retransmitted with compliments to the Secretary to Government, Development Department

The following modifications are suggested for approval of Government

Bye-law No 9

It is stated that private house service connection will be limited to houses paying house or shop tax of not less than Rs 2/- a year

This is too low At this rate almost all the houses will be eligible But the municipality cannot supply water to a large number of houses without large additional investment

It is therefore suggested that the minimum tax may be raised to Rs 4/- or Rs 5/- per year

Bye-law No 10

on-domestic connections will be charged for all water drawn at eight annas per 1000 gallons

The rate of charge is too low It may be raised to Re 1/- per 1000 gallons Poor municipalities cannot afford to sell water so cheap when municipalities like Bangalore and Mysore are not able to do so

Bye-law Nos 11 and 12

Under Bye-law No 11, the muncipal council may give connection to Factories, Firms and Railways or any other non-domestic purposes if the entire cost of the pipe line together with the cost of meter is borne by such factory, firm or Railway

Under Bye-law No 12, it is mentioned that for every connection given for non-domestic purposes there shall be provided at the consumer's cost and maintained in due working order a water meter

p t o

It is observed that it is the municipality that must buy the meters and instal them at their cost in the premises of non-domestic connections They can charge meter rent for it They cannot compel the consumer to buy the meter and maintain it in good condition too while all along they will be charging at a particular rate for every 1000 gallons consumed It is suggested that these two clauses may be altered fixing the responsibility of installing the meter at the cost of the municipality and maintaining it also at their cost

Bye-law No 13

Under this bye-law, it is proposed that for all connections where a water meter is fixed a charge of 4 annas per month shall be levied as the rent for the meter, in addition to whatsoever charge may be due for the water consumed

This has no meaning if the municipality intend to force every non-domestic consumer to buy a meter Because, they cannot collect a rent of 4 annas as meter hire for a meter purchased by the consumer

Evidently this rule presumes that the meters will be installed at municipal cost There is therefore all the greater reason for changing Bye-laws 11 and 12

Bye-law No 24 (b)

Condition under which public street fountains may be erected is given They are allowed to be erected provided they are not placed closer to any other public fountain than the minimum prescribed distance of 200 feet

This is too near a distance They must be spaced at 500 feet

Water Supply Bye-laws - Madras Towns Act

Exemption from water tax

Under this heading are mentioned Buildings belonging to the Municipality, Government Buildings which are exempted from Schatara, Religious Institutions and the like

It seems better to fix a certain quantity of free allowance such as 500 gallons per month or 7000 gallons per year by fixing meters and charging for the excess water consumed rather than giving unlimited free supply to the Institutions The above procedure will prevent waste

D Sanjeevaraj
Director of Health

Mr. D!

Mlvs/C-10

8) Submitted for orders Whether the Bye-laws may be approved with the modifications suggested by the Dr of Health above.

9) These may be called 'Rules' instead of 'Bye-Laws'

Rule 2 It seems desirable to definitely define the terms "Domestic purposes" So that people will know exactly for what purposes water supplied by the Municipal Council can be used & when they have to apply for Special permission

Rule 7 - It seems necessary that the notice should be given in all these cases After all it will not be difficult to small towns to do so by beat of tom tom or the locals Concerned In the first part of the rule "such persons notice as is possible" may be replaced by "the notice" In the 1st Sentence the word "without any notice" may be replaced by the words "such previous notice as is possible"

19/10/36

Rule 9 — The rule seems to be all right. The Dist of H however suggests the limit of Horse tax being raised to Rs 4 or 5 a year to entitle a horse or sheep for tax Commut—

Rule 10 — The rule of 8 as per 1000 gals seems fair — The Dist of H suggests this be raised to Rs 11/ per 1000 gals — If Municipalities are poor as he says the people are poor also

Rules 11 & 12 & 13 The suggestion of the Dist of H may be accepted

Rule 14 — The wording is not correct —, the latter part is by no means clear — It has to be expressed in clear terms the D.C. may perhaps be asked to do so

Rule 15 — It is not always that plumbers duly licensed by the Mt Council will be available in these minor Sultanates In such cases this rule will work as a hardship — Perhaps the rule may read as follows —

Service pipes to private premises will, as a rule, be laid by plumbers duly licensed by the Mt Council ~~or the Chief Sub-plumber or Assistant by the Sanitary Inspector~~ &c &c

In Cl (a) also similar alteration is necessary

Rule 16 — It seems necessary that a bill should be sent every month

Rule 17 — The ~~first~~ sentence may perhaps be altered to "Every meter shall be read Dated and initialled by the meter reading subordinate" Read further the 5th of every month as the date for the Rule 18 it is stated that complaints should be made in writing within the 10th of the month after which no complaints will be entertained

Rule 24 — The ~~present~~ rule seems to be all right — In small towns where minor sultanates exist

(11) 11 Subject with reference to the orders of the Dev Secy at para 11 of 12 supra

12 So far no water supply rules have been issued in respect of town mtlys - Salem is a town mtly

13 The rules as compared with those approved for Town mtlys of Chemnapatnam & Doddaballapur are as follows in regard to the two points adverted to above. ——

Rule 9 - In Doddaballapur Town mtly, connection is given to houses or shops

NOTE—Contn Sheet

WD 03594—GPB—30 000—18-7 35

Water supply Rules — Madras

File No 512/163 of 1936-37 General and Revenue Secretariat

Paying an assessment of Rs 5/- per year In Chennapatna Dandy- Rs 3/- is the limit laid down in such cases. In a town like Kolar, Rs 4/- (assessment) appears to be quite fair. Further the giving of connections depends upon the availability of a sufficient quantity of water, without detriment to street hydrants about which the Bureau of Sanitary Engineering will be previously consulted

Rule 10 - non-domestic Connections will be charged at 8 as per 1000 gallons The Director suggests Re 1/- in this behalf both in Doddaballapur & Chennapatna Dandy- ties, and 8 as is charged in this behalf in the approved bylaws

Rule 24 - Distance at which stand pipes will be instituted is 200 feet Both in Doddaballapur & Chennapatna, the same distance is found mentioned in the rules

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

General and Revenue Secretariat

No L 5095/mul 63-36-42 *Bangalore Dated* 5th/16 January 1937

From

The *Secretary to the Government of His Highness the Maharaja of Mysore*
Development Department

To

The Deputy Commissioner,

Kolar District

Sir

In returning herewith the file of records relating to the water supply Bye-laws framed by the Malur Minor Municipality received with your letter No. A 5.C 3244/35-36 dated 28th July 1936, I am directed to state that the Bye-laws framed are not in proper form and to request you to instruct the President of the minor municipal Council to incorporate the modifications suggested below and re-transmit them for the approval of Government.

I These Bye-laws may be called "Rules" instead of 'Bye-laws'

Rule 2- It is necessary to define the term 'Domestic purpose', so that people will know exactly for what purposes water supplied by the Municipal Council can be used and hen they have to apply for special permission

Rule 7- Notice should be given in all the cases referred to In the last part of the rule" such previous notice as is possible" may be replaced by "due notice"
In the first sentence, the words "without any notice" may be replaced by the words "such previous notice as is possible"

Rule 9- In the second sentence the words "of not less than Rs 2 a year' may be replaced by the words " of not less than Rs 3 a year"

Rules 11 & 12 - It is suggested that these two rules may be altered fixing the responsibility of installing the meter at the cost of the Municipality it also at their cost

Rule 13- This has no meaning, If the Municipality intends to force every non-domestic consumer to buy a meter, it will not be possible to collect a rent of 4 annas as meter-hire for a meter purchased by the consumer
This rule may be altered in the light of the suggestion made for the Rules 11 and 12 supra

Rule 14- The wording is not correct The latter part is by no means clear It may be expressed in clear terms

ule 15 - This rule may be read as follows :-

Service pipes to Private properties will as a rule be laid by plumbers duly licensed by the Municipal Council, etc, etc ,

In Clause (a) also similar alterations may be made

Rule 16- It is necessary that a bill should be sent every month

Rule 17- The opening lines of this rule may be altered to "Every meter shall be read within the 5th of every month and the meter reading will be duly intimated to the owner of the house"

The exemptions referred to in rule 28(1) and (2) will have to come under the Taxation rules and may therefore be omitted here.

I have the honour to be,

Water Works

Model ~~of Bylaw~~ Rule

1 No person shall

(a) remove, break, injure or open any cock, valve pipe-work or engine or motor belonging ~~xxxxxxx~~ to or under the control of the Municipality in connection with the water supply, or

(b) flush or draw off any water in or derived from any such water work or do any act whereby the water in any pipe or water work is likely to be wasted or contaminated, or

(c) Obstruct, divert or in any way injure or alter any water main, subrain or duct.

2 The water supplied by the unicipal Council is intended primarily for domestic use and therefore water from a public stand post or tap shall not be taken for garden, irrigation, building purposes or for other non-domestic purposes. In the latter case, the previous sanction of the President or Vice President should be obtained in writing on such payment and under such conditions as may be settled by the Municipal Council provided that the use of water from the public taps for non-domestic purposes mentioned therein shall not be permitted unless there is sufficient supply of water at the tank or source

3 No person shall bathe or wash any animal, vehicle, clothes or utensils at any public stand posts or taps.

4 No person shall do anything to damage or disfigure the stand posts or platforms or to obstruct the free flow of water from the platform

5. No person shall water any animal at any public stand pipe or cistern, except at places prescribed by the Municipal Council for the purpose by notice posted thereat.

6 In cases of emergency, the President or Vice President or their authorised agent may at any time with previous public notice by beat of tom tom, stop the supply of water ~~xxx~~ if it appear to be unfit for use by the public.

7 The President, Vice President or their authorised agent in writing shall have power to stop or reduce the supply in any public

public main or sub-main for repairs or renewals without any notice But when such stoppage is over an extensive area or is due to exigencies whi can be foreseen, such previous notice as is possible under the circumstances will be given by general tom tom.

8. Applications for house connections from the public mains or submains are to be made in the prescribed form with the necessary plans to the President, or Vice President who is authorised by himself to comply with such requisitions by owners of property who are required to lodge with him or his agent the cost of the attachment as specified below -

1/2" attachment	Rs 1-8-0
3/4" -do-	" 2-0-0

After the house connection estimate is sanctioned the cost of the transaction will be entirely between the owner and the plumber and the Municipality will not interfere in the matter of settlement of claims etc., between the owner and the consumer

9. Private houses service connections will be limited to houses paying house or shop tax of not less than Rs 2/- a year in localities where a supply can be given without detriment to street service, provided there are facilities to make proper arrangements for draining off the waste water to the Municipal drains.

10. The number of taps to be given in any dwelling house will be limited to a maximum of 3

For houses taking 1/2" connection a monthly fee of Rs 1-8-0 and those taking 3/4" connection Rs 2/- will be charged

Non-domestic connections will be charged for all water drawn at eight annas per 1000 Gallons

11 The Municipal Council in consultation with the water works Department may give connection to Factories, Firms and Railways or any other non-domestic purposes if the entire cost of the pipe line together with the cost of meter is borne by such factory, firm or Railway provided such water connecti does not interfere with the normal supply of water required for the Municipa area.

12 For every connection given for non-domestic purposes such as garedn, factories, presses etc , there shall be provide at the consumer's cost and maintained in due working order a water meter for gauging th water consumed

The word 'garden' do s not inclu e the garden in the compound of dwelling houses.

13. For all connections where a water meter is fixed a charge of 4 annas per month shall be levied as the rent for the meter, in addition to whatsoever charge may be due for the water consumed, provid that for the periods when the meter is out of order no rent shall be charged.

14 If the owners or occupiers of such houses or property to vacate or abandon such houses or property either temporarily or permanently th responsibility of informing in writing to the President or Vice Pre sident shall rest upon such owners or occupiers before the 5th of every month signifying the intention not to use the water till they reoccupy the house or property and upon such applications, the Presi ent or Vice President shall arrange to cut off the water connection In the case of houses or property remaining temporarily vacant for more than a month and a half the usual meter rate will be charged but in the case of such temporary vacancy for a month or portion of a month no reduction shall made or refunded

15 Service pipes to private properti s shall be laid by plumbers duly licensed by the municipal council on approved plans and specifications under conditions and rules sanctioned by the municipal Council The final connection between the private service pipes and the public water mains s all not be allowed until the work is inspected and passed by the President or Vice President or th ir authorise agent

(a) No alterationx or extension of private connections shall be allowed without previously obtaining the sanction of the Municipal Council and such works shall be carried out only by licensed Plumbers

(b) Repairs may however be carried out by the owners of occupier of property after giving intimation to the President or

~~President~~ Vice President in writing of the nature of repairs to be done, the work being entrusted to the Licenced Plumbers only.

16 The water rate and meter rent or any water charges due under these rules shall be collected or caused to be collected by the President ~~or~~ Vice President or their authorised agents every month in advance from the owners or occupiers of such property The owners or occupiers of such houses or property shall be solely responsible for the payments of all charges or rate or rent and all such dues under these rules shall be collected as a Municipal Demand and shall be subject to the same rules as are provided in the Municipal Regulation of 1933 provided that the bill shall be served or presented to the owners or occupiers liable such water rate, meter rent or other charges only once and for the first time, and the Council shall not be bound to serve such bills at the beginning of every month unless there be an alteration or enhancement or reduction as the case may be, in which case a separate bill shall be presented or served

(The Municipal Council may receive payment from the agent or the occupier).

(a) In order tofacilitate the adjustment of accounts between the owner of a house or property and his tenant or occupier the President or Vice President shall when required in writing furnish a Memorandum showing the consumption and probable charges on account of water rate and meter rent for any broken period of the month since the preparation of the last bill in his Office

17 Arrangements will be made to read the meter as far as possible within the 5th of every month The Meter Reader will leave with any available person in the house a slip showing the consumption of water during the preceding month.

In calculating the charges under the clause of metering, the quantity,of 500 gallons and below shall not be charged but when it is over 500 gallons it shall be charged for as if it were 1000 gallons.

18 All complaints regarding the accuracy of the Reading or the non-receipt of slips referred to in rule 16 should be made in writing to the President or Vice President within the 10th of the month concerned after which no complaints will be entertained

19 Any owner or occupier of a house or property having a water connection who may suspect or dispute the accuracy of the measurements indicated by water meter, may apply to the President or Vice President and have the meter tested on payment of a fee of rupee one per test If on actual test, the quantity registered by the meter exceeds 10 per cent of the correct quantity, the fee will be refunded to the party concerned, otherwise it will be credited to the Municipal funds

20 The Municipal Council reserve to itself the rights to test any meter for its own satisfaction at any time Due notice shall however be given to the owner or occupier of the house or property concerned

21 If on examination any meter is found to be out of order and consequently not registering correctly, the consumption during the period since the last reading till the meter is repaired or a new meter is attached shall be calculated at the average daily consumption of the last registered period during which in the opinion of the President or Vice President the meter was registering correctly and the consumption of water was not for any reason abnormal.

22 The President, Vice President or their authorised agent may, at all reasonable times and with the permission of the owner or occupier, if permission be refused after giving six hours' notice enter any premises in which there is a water connection in order to inspect and examine or repair the same

23 The President, Vice President or their authorised agent shall have the power to cut off connection between the private pipes and the public main in any of the following cases:-

(a) In default of payment of the water rates and other charges due under the rules if on any bill presented on account of repairs to meters under rule above, within 5 days after the same shall have been demanded in writing or presented.

(b) If any house owner or occupier who is supplied with water shall use or permit the use of water for purposes in violation of the conditions on which the connection is granted provided that 5 days' previous notice is previously given in writing

(c) In cases of leakage of pipes or other defects in the private service likely to cause loss to the Municipality provided 24 hours' notice is previously given.

(d) If water is allowed to run to waste after the owner or

or occupier has been warned against allowing such waste by a written notice of six hours' or such short period as the President or Vice President deems fit

(e) In any case of broken pipes of fittings causing loss of water likely to cause damage to property when such written notice as may be possible shall be given.

(f) In any case of refusal to allow the President, Vice President or their authorised agent to enter on any land or building for the purpose of inspecting service pipes, fittings etc , after a day's notice.

24 The bye-laws 2,3,4,5,6,7 and 20 stated above apply to public street fountains which have been or may be allowed to be erected at the expense of the private individuals for dedication to public use, and such fountains shall be further subject to the following conditions:

(a) That theirnumber is strictly restricted by the bonafide public requirements of particular localities which shall be decided by the Municipal Council

(b) That they are not placed closer to any other public fountain than the minimum prescribed distance of 200 ft.

(c) That their free and unobstructed use at all hours by the public for whose use they are intended is duly safe-guarded

25. The President, Vice President, or their authorised agent shall for the purpose of these Byelaws be deemded to be public servants.

26 Any person whose house connection is stopped for non-payment of dues or leakage etc , should pay a fee of Re 1/- for reconnecting the same

27. The Municipality reserves to itself the power whenever it deems fit, to alter or modify the foregoing rules or to abolish altogether the system of house connections established thereunder or to stop or to reduce the supply to any private attachment or any public fountain without assigning any reason whatsoever

28. Any person infringing any of these Bye-laws shall be liable to be punished with a fine not exceeding fifty rupees on conviction before a Magistrate.

Exemption from water tax.

(1) Buildings belonging to this Municipality.

(2) Government Buildings which are exempt from Mohatarfa and 'Religious Institutions' such as temples, masjids, graveyards, burial and cremation grounds,(Mutts and Chattrams where free lodging is allowed) provided the cost of the pipe line shall be borne by the respective institutions.

No L 5655 58—ML 63 36 101 DATED 27TH DECEMBER 1937

ANNEXURE

MALUR TOWN WATER WORKS

Water Supply Rules relating to Malur Municipality

No person shall—

(a) remove break injure or open any cock valve pipe work or engine or motor belonging to or under the control of the Municipality in connection with the water supply or

(b) flush or draw off any water in or derived from any such water work or do any ac whereby the water in any pipe or water work is likely to be washed or contaminated or

(c) obstruct divert or in any way injure or alter any water main sub main or duct

2 The water supplied by the Municipal Council is intended primarily for domestic purpose and therefore water from a public standpost or tap shall not be taken for garden irrigation building purposes or for other non domestic purposes In the latter case the previous sanction of the President or Vice President should be obtained in writing on such payment and under such conditions as may be settled by the Municipal Council provided that the use of water from the public taps for non domestic purposes mentioned therein shall not be permitted unless there is sufficient supply of water at the tank or source

(Domestic Purpose means water used purely for the purpose of bathing, cooking washing clothes and utensils)

3 No person shall bathe or wash any animal vehicle clothes or utensils at any public standpost or taps

4 No person shall do anything to damage or disfigure the standposts or plat forms or to obstruct the free flow of water from the platform

5 No person shall water any animal at any public stand pipe or cistern except at the places prescribed by the Municipal Council for the purpose by notice posted thereat

6 In case of emergency the President or Vice President or his authorised agent may at any time with previous public notice by beat of *tom tom* stop the supply of water if it appears to be unfit for use by the public

7 The President Vice President or their authorised agent in writing shall have power to stop or reduce the supply in any public main or sub main for repairs or renewals by such previous notice as is possible But when such stoppage is over an extensive area or is due to exigencies which can be foreseen due notice under the circumstances will be given by general *tom tom*

8 Applications for house connections from the public mains or sub mains are to be made in the prescribed form with the necessary plans to the President or Vice President who is authorised by himself to comply with such requisitions by owners of property who are required to lodge with him or his agent the cost of the attachment as specified below —

Half inch attachment	Rs 1 8 0
Three fourths inch attachment	„ 2 0 0

After the house connection estimate is sanctioned the rest of the transaction will be entirely between the owner and plumber and the Municipality will not inter fere in the matter of settlement of claims etc between the owner and consumer

9 Private house service connections will be limited to houses paying house or shop tax of *not less than Rs 2 a year* in localities where a supply can be given without detriment to street service provided there are facilities to make proper arrangements for draining off the waste water to the Municipal drains

10 The number of taps to be given in any dwelling house will be limited to a maximum of three

For houses taking half inch connection a monthly fee of Rs 1 8 0 and those taking three fourths inch connection Rs 2–0–0 will be charged

Non domestic connections will be charged for all water drawn at eight annas per 1 000 gallons

11 The Municipal Council in consultation with the Water Works Department, may give connection to factories firms and railways or for any other non domestic purposes if the entire cost of the pipe line is borne by such factory firm or railway

provided such water connection does not interfere with the normal supply of water required for the Municipal area

12 For every connection given for non domestic purposes such as garden factories presses etc the responsibility for installing and maintaining the meter will vest in the Municipality

The word Garden does not include the garden in the compound of dwelling houses

13 For all connections where a water meter is fixed by the Municipality a charge of four annas per month shall be levied as the rent for the meter in addition to whatsoever charge that may be due for the water consumed provided that for periods when the meter is out of order no rent shall be charged

14 If the owners or the occupiers of such houses or property vacate or abandon such house or property either temporarily or permanently, the responsibility to communicate this fact in writing to the President or Vice President shall rest on such owners or occupiers who should signify their intention not to use the water till they re occupy the house or property and upon such applications the President or Vice President shall arrange to cut off the water connection In the case of house or property remaining temporarily vacant for a month or more meter rate only will be levied and in the case of such temporary vacancy for a portion of a month no reduction either in water rate or meter hire shall be made or refund of amount granted

15 Service pipes to private properties will as a rule be laid by plumbers duly licensed by the Municipal Council on approved plans and specifications under conditions and rules sanctioned by the Municipal Council

The final connection between the private service pipes and the public water mains shall not be allowed until the work is inspected and passed by the President or Vice President or their authorised agent

(a) No alteration or extension of private connections will as a rule be allowed without previously obtaining the sanction of the Municipal Council and such works shall be carried out only by licensed plumbers

(b) Repairs may however be carried out by the owners or occupiers of property after giving intimation to the President or Vice President in writing of the nature of repairs to be done the work being entrusted to the licensed plumbers only

16 The water rate and meter rent or any water charges due under these rules shall be collected or caused to be collected by the President or Vice President or his authorised agents every month in advance from the owners or occupiers of such property The owners or occupiers of such houses or property shall be solely responsible for the payments of all charges or rate or rent and all such dues under the e rules shall be collected as a Municipal Demand and shall be subject to the same rules as are provided in the Municipal Regulation of 1933 provided that the bill shall be served or presented to the owners or occupiers liable to such water rate meter rent or other charges It is necessary that a bill should be sent every month (The Municipal Council may receive payment from the agent or the occupier)

(a) In order to facilitate the adjustment of accounts between the owner of a house or property and his tenant or occupier the President or Vice-President shall when required in writing furnish a memorandum showing the consumption and the probable charges on account of water rate and meter rent for any broken period of the month since the preparation of the last bill in his office

17 Every meter shall be read within the 5th of every month and the meter reading will be duly intimated to the owner of the hous The meter reader will leave with any available person in the house a slip showing the consumption of water during the preceding month

In calculating the charges under the clause of metering the quantity of 500 gallons and below shall not be charged but when it is over 500 gallons it shall be charged for as if it were 1 000 gallons

18 All complaints regarding the accuracy of the reading or the non receipt of slips referred to in rule 16 should be made in writing to the President or Vice President within the 10th of the month concerned after which no complaints will be entertained

19 Any owner or occupier of a house or property having a water connection who may suspect or dispute the accuracy of the measurements indicated by water

meter may apply to the President or Vice President and have the meter tested on payment of a fee of rupee one per test If on actual test the quantity registered by the meter exceeds 10 per cent of the correct quantity the fee will be refunded to the party concerned otherwise it will be credited to the Municipal Funds

20 The Municipal Council reserves to itself the right to test any meter for its own satisfaction at any time Due notice shall however be given to the owner or occupier of the house or property concerned

21 If on examination any meter is found to be out of order and consequently not registering correctly the consumption during the period since the last reading, till the meter is repaired or a new meter is attached shall be calculated at the average daily consumption of the last registered period during which in the opinion of the President or Vice President the meter was registering correctly and the consumption of water was not for any reason abnormal

22 The President Vice President or their authorised agent may at all reasonable times and with the permission of the owner or occupier if permission be refused after giving six hours notice enter any premises in which there is a water connection in order to inspect and examine or repair the same

23 The President Vice President or their authorised agent shall have the power to cut off connection between the private pipes and the public main in any of the following cases —

(*a*) In default of payment of water rate and other charges cost of repairs of meters due under the rules within five days after the same shall have been demanded in writing or bill presented

(*b*) If any house owner or occupier who is supplied with water shall use or permit the use of water for purposes in violation of the conditions on which the connection is granted provided that five days previous notice is given in writing

(*c*) In cases of leakage of pipes or other defects in the private service likely to cause loss to the Municipality provided 24 hours notice is previously given

(*d*) If water is allowed to run to waste after the owner or occupier has been warned against allowing such waste by written notice of six hours or such shorter period as the President or Vice President deems fit

(*e*) In any case of broken pipes or fittings causing loss of water likely to cause damage to property when such written notice as may be possible shall be given

(*f*) In any case of refusal to allow the President Vice President or their authorised agent to enter on any land or building for the purpose of inspecting service pipes fittings etc after a days notice

24 The rules 2 3 4 5 6 7 and 20 stated above shall apply to public street fountains which have been or may be allowed to be erected at the expense of the private individuals for dedication to public use and such fountains shall be further subject to the following conditions —

(*a*) That their number is strictly restricted by the *bona fide* public requirements of particular localities which shall be decided by the Municipal Council

(*b*) That they are not installed closer to any other public fountain than the minimum prescribed distance of 200 feet

(*c*) That their free and unobstructed use at all hours by the public for whose use they are intended is duly safeguarded

25 The President Vice President or their authorised agent shall for the purpose of these rules be deemed to be public servants

26 Any person whose house connection is stopped for non payment of dues or leakage etc should pay a fee of Re 1 for re connecting the same

27 The Municipal Council reserves to itself the power whenever it deems fit to alter or modify the foregoing rules or to abolish altogether the system of house connections established thereunder or to stop or to reduce the supply to any private attachment or any public fountain without assigning any reason whatsoever

28 Any person infringing any of these rules shall be liable to be punished with a fine not exceeding Rs 50 on conviction before a Magistrate

Exemption from Water tax

(1) Buildings belonging to this Municipality

(2) Government buildings which are exempt from Mohatarfa and Religious Institutions such as temples masjids grave yards burial and cremation grounds (mutts and chattrams where free lodging is allowed) provided the cost of the pipe line shall be borne by the respective institutions
